

ST. CHARLES SCHOOL IS SPECIAL!

THE K-8 ADVANTAGE

When you choose St. Charles elementary school, you are choosing a Kindergarten to Eighth Grade education within a single building. For children, this provides continuity and stability, especially during those crucial middle school and junior high school years. This continuity and stability nurtures self-confidence and a sense of security that is priceless.

This structure also enables children from different grade levels to work together in a variety of ways. From reading to the little ones, to helping them with projects, to escorting them hand-in-hand to an all school Mass, older students become role models for those in their care.

Finally, families appreciate the K – 8 structure because it allows them to have all of their children in the same school and on the same schedule throughout the elementary and middle school years. More importantly, over the years, families develop a sense of trust and a peace of mind that is truly invaluable.
